WORK EXPERIENCE

Hartman Executive Advisors

IT Support Technician

January 2026 – Present

- Diagnose and resolve hardware, software, and operating system issues through in-person, phone, and remote support, ensuring timely and effective resolution.
- Install, configure, upgrade, and maintain computer hardware and applications to support reliable system performance.
- Perform routine system maintenance, backups, and assist with recovery procedures to ensure data integrity and operational continuity.
- Document technical procedures, maintenance activities, and support solutions to maintain accurate records and improve troubleshooting efficiency.
- Educate and support end users on best practices for system use and security, providing training and clear technical guidance.
- Follow established organizational policies for equipment replacement, disposal, and lifecycle management.

TruGreen

Field Operations Lead/ Residential Ride on Technician/ Commercial Ride on Technician

April 2020 – August 2025

- Provided frontline customer support by diagnosing and resolving service issues, answering questions, and delivering professional, solutions-oriented communication—consistently earning the branch's highest customer satisfaction scores.
- Leader of team operations by managing projects, coordinating daily schedules, preparing equipment, and ensuring smooth workflow through effective communication and problem-solving.
- Served as a go-to resource for coworkers, offering guidance, field training, and technical support for both equipment operation and service procedures.
- Demonstrated adaptability and technical proficiency through hands-on maintenance and troubleshooting.

ACTIVITIES

- Tech Club President - Thaddeus Stevens College (2025 – 2027)
- Multiple community volunteer events with companies like Water Street Mission and the Friendship Gallery in Lancaster, PA.
